LOCATION:

We will be staying at **REEF HOUSE RESORT**, an island-authentic dedicated dive hotel on the Island of Roatan at Oak Ridge Harbor. With an iron shore & the absence of a sandy beach, the cooling ocean breezes discourage insects & allows you to step off the stone pier to snorkel or dive a beautiful coral wall.

The plantation style buildings include 12 air conditioned double rooms, all opening onto a shaded veranda with an unobstructed panoramic view of the ocean. The rooms have queen-sized beds, ceiling fans, private bathrooms, cable television & 110 volts AC current. There is a shaded courtyard for a nap or reading under the palm trees. Swim with Green & Hawksbill sea turtles in the salt water pool; plus an oceanside bar. This is peaceful laid-back island diving for the dedicated diver, not Club Med.

Reef House Resort has two custom dive boats with the 31 foot Henry Morgan, her dive master & boat captain dedicated to our group. We will be diving on east end sites rarely visited by other dive boats.

Located on the second largest barrier reef in the world, the water temperature averages 78 degrees & air temperature 80-85 degrees. The dives are not complicated by

currents, & the average visibility is 85 feet. The variety of corals & fish is spectacular. Turtles, Nurse Sharks, Rays & Dolphins are seen often. Roatan has a decompression chamber & full medical facilities available.
